Assessment of Fees for Dairy Import Licenses

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice of the fee for dairy import licenses for the 1996 quota year.

SUMMARY: This notice announces that the fee to be charged for the 1996 quota year for each license issued to a person or firm by the Department of Agriculture authorizing the importation of certain dairy articles which are subject to tariff-rate quotas set forth in the Harmonized Tariff Schedule of the United States (HTS) will be \$113.00 per license.

EFFECTIVE DATE: January 1, 1996.

FOR FURTHER INFORMATION CONTACT:

Richard P. Warsack, Dairy Import Quota Manager, Import Policies and Programs Division, Room 5531-South Building, U.S. Department of Agriculture, Washington, D.C. 20250-1000 or telephone at (202) 720-2916.

SUPPLEMENTARY INFORMATION:

Regulations promulgated by the Department of Agriculture and codified at 7 CFR 6.20-6.34 provide for the issuance of licenses to importers of certain dairy articles which are subject to tariff-rate quotas set forth in the Harmonized Tariff Schedule of the United States (HTS). Those dairy articles may only be entered into the United States by or for the account of a person or firm to whom such licenses have been issued and only in accordance with the terms and conditions of such licenses and the regulations.

The licenses are issued on a calendar year basis, and each license authorizes the license holder to import a specified quantity and type of dairy article from a specified country. The use of licenses by the license holder to import dairy articles is monitored by the Dairy Import Quota Manager, Import Licensing Group, Import Policies and Programs Division, Foreign Agricultural Service, U.S. Department of Agriculture (the "Licensing Authority") and the U.S. Customs Service.

Regulations at 7 CFR 6.33(a) provide that a fee will be charged for each license issued to a person or firm by the Licensing Authority in order to reimburse the Department of Agriculture for the costs of administering the licensing system under this regulation. The fee is to be based upon the total cost to the Department of Agriculture of administering the licensing system during the calendar year preceding the year for which the fee is to be charged, divided by the average number of licenses issued per year for the three years preceding the year for which the fee is to be assessed.

Regulations at 7 CFR 6.33(b) provide that the Licensing Authority will announce the annual fee for each license and that such fee will be set out in a notice to be published in the **Federal Register**. Accordingly, this notice sets out the fee for the licenses to be issued for the 1996 calendar year.

Notice

The total cost to the Department of Agriculture of administering the licensing system during 1995 has been determined to be \$413,009. Of this amount, \$232,508 represents the cost of the staff and supervisory hours devoted directly to administering the licensing system during 1995 (total personnel costs for the Import Licensing Group of the Foreign Agricultural Service equaled \$126,734; a proportionate share of the supervisory costs devoted directly to administering the licensing system equaled \$105,774); \$91,367 represents the total computer costs to monitor and issue import licenses during 1995; and \$89,134 represents other miscellaneous costs, including travel, postage, publications, forms, contract clerical assistance, and an ADP system contractor.

The average number of licenses issued per year for the three years immediately preceding 1996 has been determined to be 3,670. Accordingly, notice is hereby given that the fee for each license issued to a person or firm for the 1996 calendar year, in accordance with the regulations codified at 7 CFR 6.20–6.34, will be \$113.00 per license.

Issued at Washington, D.C. the 9th day of August, 1995.

Richard P. Warsack,

Licensing Authority.

Agency: Bureau of the Census.

Title: Annual Survey of Government Employment.

Form Number(s): E–1, E–2, E–3, E–4, E–6, E–7, E–9.

Number of Respondents: 13,639.

Avg Hours Per Response: 1 hour and 4 minutes.

Needs and Uses: The Census Bureau requests a three year extension of the current OMB approval of seven data collection forms used in the Annual Survey of Government Employment. In this survey data are collected on state and local government employment and wages. Each form is tailored to the particular size and type of government to be surveyed. The Bureau of Economic Analysis uses these data to develop the public sector components of the gross domestic product and national income accounts and to develop personal income statistics. The Department of Housing and Urban Development determines the allocation of operating subsidies to local housing authorities based on this survey. The Bureau of Labor Statistics uses data from this survey to assist in the benchmarking of state and local government components of its monthly employment and earnings statistics. In addition, state and local government officials, public interest groups, and professional organizations use these data for analysis and study.

Affected Public: State, local or local government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Maria Gonzalez, (202) 395–7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482–3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: 1996 National Content Survey – Reinterview Instruments.

Form Number(s): None—computer screens.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 17,010 hours.

Number of Respondents: 34,020.

Avg Hours Per Response: 30 minutes.

Needs and Uses: The 1996 National Content Survey (NCS) will play a crucial role in determining the subject content and specific question wording of the 2000 census questionnaires. In addition, the survey will provide critical information for formulating and refining decisions regarding questionnaire design, population coverage, data capture technology, and administrative records notification. The survey will also test certain race and ethnic issues. A reinterview will be conducted to assess the accuracy and reliability of the information collected in the survey. Telephone reinterviews will be conducted using CATI software with households who complete and mail back a survey form. Both simple-form and sample-form recipients will be included in reinterview. The simple-form reinterview is designed to assess whether alternative rostering techniques result in higher within-household coverage error and to analyze content of the race and Hispanic origin questions. The sample-form reinterview is designed to measure the reliability of multiple question versions by comparing responses from the 1996 NCS to responses in the reinterview.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395–7313.
